

**MODYFICATION OF CONTRACT AWARDING NOTICE**

*Re. delivery of Costal Vertical Turbulence Profiler*

The Contracting Authority – Institute of Oceanology, Polish Academy of Science informs about modification of the content of the Contract awarding notice no IO/ZN/9/2015:

In Chapter III of the notice - Description of requirements and technical specification the Contracting Authority adds point 14 **“Deployment line minimum 1000 m”**

Justification

The Contracting Authority in Description of requirements and technical specification by mistake left out necessity of delivery of the deployment line.

Therefore the Contracting Authority modifies the Contract awarding notice as described above.

Due to the modification of Description of requirements and technical specification the Contracting Authority modifies the Bid Form accordingly.

Due to the modification prolongs the final date of submitting bids to **November 30, 2015**. The hour and place of submitting the bids remain unchanged.
