

IO/ZO/14/2018

Sopot, November 13 th, 2018 r.

### INFORMATION ABOUT CANCELLATION THE PROCEEDINGS

*Re. the service of transmission the measurement data from the measurement platform IAOOS (Ice Atmosphere Arctic Ocean Observing System), owned by the Institute of Oceanology of the Polish Academy of Sciences and installed in the Arctic Ocean region*

The Contracting Authority (Institute of Oceanology of the Polish Academy of Science) informs about cancelation of the proceedings under Chapter III (20)(b) of the Quotation Request Notice dated on November 5<sup>th</sup>, 2018 (proceedings No. IO/ZO/14/2018) due to the fact that a price of the only quotation submitted in the proceedings is above the amount which the Contracting Authority intends to allocate to finance the Contract.

#### Justification

Under Chapter III (20)(b) of the Quotation Request Notice (proceedings No. IO/ZO/14/2018) the Contracting Authority can cancel the proceedings without selecting a quotation if a price of the most favourable quotation is above the amount which the Contracting Authority intends to allocate to finance the Contract, unless the Contracting Authority may increase this amount to the price of the most favourable quotation.

The Contracting Authority allocated gross amount to finance the Contract: 76 000,00 PLN.

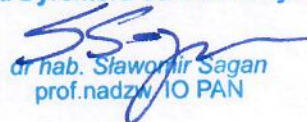

The quotation submitted in the proceedings by the Contractor:

**Sorbonne University, 4 place Jussieu, 75005 Paris,**

net value (of the quotation): 30 000 euro, that is 128 982 PLN (exchange rate: 4,2994), value with VAT (added by Contracting Authority): 158 647,86 PLN.

Due to the fact that the Contracting Entity cannot increase the amount which it intends to allocate to finance the Contract to the price offered by the Contractor, the proceedings have to be canceled under Chapter III (20)(b) of the Quotation Request Notice No. IO/ZO/14/2018.
